

Unite Us Post Notification Settings

Once you've logged into <https://app.uniteus.io/> follow the steps below to update your settings.

1. Log in
2. Click on your name in the upper right corner
3. Click on User Settings
4. Then select Notification Settings
5. Start by turning off all notifications in the upper right corner

Then turn on the following notifications (at minimum):

Note Added to Client Profile

You are assigned as a care coordinator

Note added to sent Referral/Case

Sent Referral is rejected

Case has note added

You are assigned as a primary worker

Remind me when a referral that I sent requires action
